MyPatientVisit Patient Portal User Guide for IntellectPro

As part of the 2015 Edition Health Information Technology Certification Criteria, IntellectPro was certified on a new patient portal, MyPatientVisit. This user guide will walk the patient through registering, viewing and sending documents and sending messages from their portal.

Patient Setup and Login to the Patient Portal

Patient Registration

The first time a patient goes to MyPatientVisit, they will need to create an account using the information on the document provided from the provider's practice.

On the screen below, the patient will need to enter a Username using either an email address or a username of their choosing. The password must be at least 8 characters and contain three of the four password requirements:

- At least 1 uppercase character (A through Z)
- At least 1 lowercase character (a through z)
- At least 1 numeric digit (0-9)
- At least 1 special character (~!@#\$%^&*;*;?+_)

The patient will enter their first and last name, date of birth, zip code along with the practice ID and security code, which is listed on the document provided from the provider's practice. The patient can click on the [Terms and Conditions](#) link to review these before clicking the checkbox to agree to them. Then select the "Create Account" button.

Security Questions

Patients will next be asked to select 3 security questions to be used if they forgot their password. Select a security question from each of the drop downs, then type the answer in the box labeled “Provide your answer”.

The screenshot shows a web page for 'myPatientVisit' with a light blue header. The main content area is white and contains the following elements:

- Section Header:** JUST IN CASE YOU FORGET YOUR PASSWORD
- Instructions:** Please select and answer three security questions from the list below. Your answers will be used to reset your password just in case you happen to forget it.
- Question 1:** A form with a dropdown menu labeled 'Select a security question' and a text input field labeled 'Provide your answer'.
- Question 2:** A form with a dropdown menu labeled 'Select a security question' and a text input field labeled 'Provide your answer'.
- Question 3:** A form with a dropdown menu labeled 'Select a security question' and a text input field labeled 'Provide your answer'.
- Continue Button:** A blue button labeled 'Continue' at the bottom right.

Patient Portal Dashboard

Patient's Dashboard

Patients will be taken to their dashboard page where they will see patient option dropdowns (myInfo, myDocuments, myMessages, myAccount) and I Want To.

MyPatientVisit Patient Portal User Guide for IntellectPro

The dropdown for “I Want To...” has quick links to the most common actions: Send a Message and View My Document Summaries.

Patient Documents in myDocuments View

Clicking on myDocuments then selecting “Document Summary” will show a list of the documents the provider has shared with the patient. Patients can view, download, or share these documents.

MyPatientVisit Patient Portal User Guide for IntellectPro

Patient Documents View Access Details

Patients can view the document access details by clicking on the “View Access Details” hyperlink.

E-Mail Clinical Summary & Patient Documents through the Patient Portal

Secure Email

As part of the View, Download and Transmit (VDT) requirement, patients can securely send their Summary of Care (CCD) document to another provider of their choice by clicking on the up arrow (transmit securely) next to the document.

MyPatientVisit Patient Portal User Guide for IntellectPro

Enter the provider's secure email address in To, a Subject, and a message to the provider in the Body.

The screenshot shows the 'Transmit Documents Securely' form. At the top, there are navigation links: 'myInfo', 'myDocuments', 'myMessages', 'myAccount', and 'Log off'. Below these, there is a heading 'Transmit Documents Securely'. A message states: 'Enter the secure email address(es) you'd like to securely send your document to. You may enter multiple e-mail addresses by pressing enter after you're done typing the address.' Below this, there are two document links: 'CCDA_1.xml' and 'CCDA_1.pdf'. The form has three main sections: 'To:', 'Subject:', and 'Body:'. Each section has a text input field. The 'To:' field has a person icon. The 'Subject:' field has a document icon. The 'Body:' field has a speech bubble icon. At the bottom right, there are 'SEND' and 'CANCEL' buttons.

Unencrypted Email

As part of the View, Download and Transmit (VDT) requirement, patients are now able to view and email their Summary of Care (CCD) and Patient documents published files through an unencrypted email rather than secure direct message to a 3rd party of their choice.

MyPatientVisit Patient Portal User Guide for IntellectPro

Unencrypted Email Warning Messages

A warning message is visibly displayed on the page to ensure the patient is aware that this is an unsecure channel.

When the patient clicks the 'Send' button to send the email, a warning pop-up window is displayed and the user would have to manually click the "Yes" or "No" button to continue or cancel action.

MyPatientVisit Patient Portal User Guide for IntellectPro

Ability to Filter on Summary of Care Documents

A patient can now filter on specific date or date range for their summary of care documents or patient documents that was published to them on the Patient Portal.

Ability to Multi - Select Documents to View, Download, Transmit and email

A patient can select all documents published on the patient portal to view, download, securely transmit or email.

MyPatientVisit Patient Portal User Guide for IntellectPro

Send a Message

Patients can send a secure message to any of their providers. From the dashboard, click on “I Want Too ...” dropdown and select “Send A Message”.

The patient will see the “Send and review messages” screen. Select the Provider to send a secure message to.

Send and review messages

This feature (email) is a convenient way to send electronic messages to your doctor's office, as well as various other departments, depending on your needs. For example, you have the ability to: - Request a referral - Request medication renewals - Compliment a staff member or office - Lodge a complaint - Ask a billing question Please observe the following guidelines when using electronic communication: - This email is not intended for Medical diagnosis or treatment, there may be a delay in response. - Do not use electronic communication for urgent matters, such as loss of vision or acute eye pain. Call our office if you are experiencing any eye problems. Documentation of your message will become part of your medical record. - If you are unable to describe your condition in the space provided, please call our office. - Your message may be read by others who are involved in your care besides your doctor. If you do not receive a timely reply, please contact our office. - If you leave this screen without sending your message, your message will NOT be saved.

In an emergency, call 911 or your local emergency number immediately. This is not an emergency service.

 **Provider: Davis, Albert**
Date: 01/01/0001 12:00 AM

The patient can read secure messages from that provider or send a secure message to that provider by typing the message then selecting the “Send” button.

Connecting to another practice

Patients can add other practices, who also use MyPatientVisit, to their account, or add additional patients, such as children, spouse or parent. This is done by selecting myAccount then “Connect to a different practice”. To connect to a different practice, the patient will need the information from their provider showing the security code and practice ID.

RECOVER YOUR CREDENTIALS

In order to recover your credentials, please answer the following security questions you answered during the registration process.

Question 1:

In which state were you born?

Question 2:

In which city were you born?

If the correct information is entered, MyPatientVisit will allow the patient to reset their password.

MyPatientVisit Patient Portal User Guide for IntellectPro

The screenshot shows the 'myPatientVisit' logo at the top left. Below it, the heading 'RESET PASSWORD' is centered. A message reads: 'Please enter new password then confirm again to reset the password.' There are two input fields: 'PASSWORD:*' and 'CONFIRM PASSWORD:*'. Each field has a placeholder text 'Enter' and a small red '1' icon in the top right corner. Below the fields, there is a horizontal line and a note '*Required field'. At the bottom right, there are two buttons: 'Submit' and 'Cancel'.

The patient will get confirmation that their password was successfully changed.

This screenshot shows the same 'RESET PASSWORD' form as above, but with a modal dialog box overlaying the center. The dialog box has the title 'Password successfully changed' and the text: 'Your password has been changed successfully. You may continue to login to your MyPatientVisit account by using your new password.' There is an 'OK' button at the bottom right of the dialog. The background form is dimmed. The 'PASSWORD:*' and 'CONFIRM PASSWORD:*' fields now contain asterisks. The 'Submit' and 'Cancel' buttons are still visible at the bottom right.

The patient will then be taken to the login screen where they will enter the correct username and password to access their account.

MyPatientVisit Patient Portal User Guide for IntellectPro

Forgot Username or Password

When the patient selects “Forgot Both Username & Password”, they will be asked to enter their First Name, Last Name, Date of Birth and Zip they used to create their login.

The screenshot shows the 'myPatientVisit' logo at the top left. Below it, the heading 'FORGOT LOGIN CREDENTIALS?' is centered. Underneath, the instruction 'Please select one from below.' is displayed. There are three radio button options: 'Forgot Username', 'Forgot Password', and 'Forgot Both Username & Password'. The third option is selected. To the right of these options are input fields for 'FIRST NAME:*' and 'LAST NAME:*', both containing the placeholder text 'Enter'. Below these is a 'DATE OF BIRTH:*' field with a date picker icon and the placeholder 'mm/dd/yyyy'. At the bottom of the form is a 'ZIP:*' field with the placeholder 'Enter'. A horizontal line separates the form from the bottom section, which contains a blue 'Submit' button and a 'Cancel' link. A small note '*Required field' is located above the horizontal line on the right side.

The patient will be asked to answer the security questions they set up when creating their login (these will be different for each patient).
